"WFTF Rule Proposals for 2017"

Dear WFTF RGB members,
Dear EFTF President Kaidu Jalakas,

During the last 2 months I've been receiving several emails with proposals, suggestions and improvements from our members. To all that contributed I can only say thank you for participating.

Some of these proposals were made in private while others were shared and even created some debate.

There were also a couple of proposals about the same subject showing there were at least 2 different directions for the same problem. Unfortunately it's not possible to implement all those directions.

Example: We may have 2 or 3mins as shooting time but we cannot have both proposals.

I have collected and compiled most of the information received and prepared 3 documents that I hope will help us to make some decisions. The documents presented are:

- WFTF Competition Rules .pdf
- WFTF Constitution Rules .docx
- VotingSheet_IC09.xlsx

All new proposals are market in a **Yellow color** and most of the proposals try to solve grey areas that need some clarification.

Not all proposals received were included for decision at this stage (Round 1) since it was just too much information at the same time. We will do a 2nd round later.

I invite you to read the proposals and help us clarify what is your opinion.

Sincerely,

Sérgio Rita
WFTF President
